

Diploma of Project Management

BSB50820

CRICOS Code 116719H

COURSE OVERVIEW

This qualification represents the capabilities of individuals who utilise project management expertise across various industries. Relevant job titles may include Project Manager and Project Team Leader. These professionals lead and manage projects, ensuring objectives are met efficiently and effectively. They possess a strong theoretical foundation and employ a mix of specialized, technical, and managerial skills to initiate, plan, execute, and assess their own work and that of their teams. Additionally, they are adept at navigating complex project environments, coordinating resources, and communicating with stakeholders to drive project success. Their ability to adapt to changing circumstances and solve problems creatively is crucial in achieving project goals and delivering high-quality outcomes.

CAREER OPPORTUNITIES

AND POTENTIAL ROLES

Earning this qualification can open doors for students to secure employment in various positions across private companies, government agencies, and small to medium-sized businesses, such as:

- Executive office
- Conveyancer
- Paralegal
- Purchasing coordinator
- WH&S officer
- Office manager
- Business development manager
- Human resources manager
- Records & information coordinator

Further Study Options at Tech Edge College

- Advanced Diploma of Program Management
- Diploma of Engineering – Technical (Drafting)
- Advanced Diploma of Engineering
- Advanced Diploma of Civil Construction Design

Nationally Recognised Qualifications

The Certificate IV in Project Management Practice provides you with the essential skills to manage projects successfully in any industry. You'll learn how to effectively oversee project scope, quality, timelines, costs, human resources, communication, procurement, risk, and stakeholder engagement.
